## REPORT OF SCHOOLS.

---

To the Citizens of Sutton School District:

The work of the schools for the year just passed has been well done, and, while there is always room for improvement, we may fairly call the results satisfactory.

In all, there have been two hundred and four weeks of school, besides one extra week at the Center Division, from the Mary Eaton fund. Three pupils of this town have attended school in Warner and four in New London, for whom we have paid tuition. The schools in the North, Eaton and Highlands divisions have been interrupted by sickness of teachers, in the latter division a term being cut short one week. The only change in text books has been in readers. Cyr's Fourth and Fifth readers have been supplied to all the schools, and the introduction of the Wentworth's Higher Arithmetic, begun last year, has been completed. In addition to these, many new books have been bought to supply the place of those worn out or destroyed. The needless destruction of books and the waste of stationery and supplies by the pupils, add a considerable item to the book account each year.

Fifteen different teachers have been employed, all of whom have given their schools faithful service.

Three diplomas have been awarded—to Annie Davis, North division; Nellie Nolan, South division and Francis Flint, Old South division.

The repairs, except in small things, have been confined to the school houses in the North and Mountain divisions.

In the North division, for which a special appropriation was made at the last annual school meeting, the house has been thoroughly renovated and a new room added.

The old room was given a new floor, new ceiling, new modern seats, the walls papered, the inside painted and the building shingled. The new room was obtained by adding nine feet to the shed frame and finishing it into a school room. The seats for this room were borrowed from the Burpee school house, which is not now in use.

The work was finished in season for the opening of the fall term, when the school was divided, the smaller scholars being placed in the new room and another teacher employed, Thus far the new arrangement has given excellent results.

In the Mountain division the house and shed have been shingled and painted and a few small repairs made.

Respectfully Submitted,

ROBERT L. SMILEY, } school Board  
MARY E. BAILEY. } of Sutton.
